Rio Grande and Unnamed Tributary, Eagle Pass, Texas

Purpose: Major flooding events caused by tropical storms have occurred in Eagle Pass in 1954, 1963, 1964, 1970, 1983, 1998, and 2001. The study will document existing conditions, analyze and evaluate flood risk management alternatives, and recommend a plan that is engineeringly and environmentally sound and economically justified.
