## **No change to current hunting program at Grapevine Lake**

*FORT WORTH, Texas* – The Fort Worth District Corps of Engineers announced today it will maintain its current hunting program for the 2009-2010 hunting season at Lake Grapevine.

Perspective hunters should apply at the Grapevine Lake Office, 110 Fairway Drive, Grapevine Texas 76051 and fill out an application.

“Bring proof of age, hunting license, and if you were born after Sept 2, 1971 proof of hunter’s education or waiver,” said Craig Edmondson, Grapevine Lake Manager. “You will receive a hunting packet, which includes a permit, vehicle tag, waiver, and hunting guide.”

Further policy review in coordination with Corps partners and stakeholders will continue to occur to help modify the proposed Grapevine Lake Hunting Program for the 2010-2011 hunting season.
