Reynold's Creek Park on Waco Lake Temporarily Closed

The U.S. Army Corps of Engineers at Waco Lake has temporarily closed Reynolds Creek Park due to a mechanical failure in the water system. All reservations for the park in the immediate future will be cancelled and no further reservations will be accepted until repairs are completed. Campers, boaters and fisherman are encouraged to use Airport Park, Speegleville Park and Lacy Point Access until repairs can be made.

If you have questions concerning this closure please contact the Waco Lake Office at (254) 756-5359.
