

**DETAILED STATEMENT OF WORK**

Attached to and made a Part of contract No. DACW57-97-D-0004

**Task Order No. DY01**

**Modification No. 002**

**Source Water Protection Plan  
Perchlorate Study Meetings and Reporting  
Lake Belton and Lake Waco, Texas**

**January 11, 2002**

**1.0 GENERAL.** Task Order No. DY01, is being modified (Modification No. 2) to add the administrative tasks necessary to continue this study through the end of 2002. This modification adds tasks for meeting attendance and reporting and for monthly updating of the public website. All sections of this task order shall remain valid except where discussed below.

**2.0 SCOPE.**

The tasks listed in this section are numbered in accordance with their associated tasks from the original Statement of Work.

**Task 1.2 - DEVELOP & MAINTAIN DEDICATED PUBLIC INFORMATION WEB SITE.** The A-E shall continue to maintain the public information webpage developed under the original scope of work. The site shall be updated monthly for the 12 months January 2002 through December 2002.

**Task 4 - PROJECT REPORTING AND PAYMENT REQUESTS.** A Monthly Progress Report shall be submitted for each month of the contract period. The report shall be sent to the Project Manager on or before the 12<sup>th</sup> day of the following month. The report shall contain the status, on a percentage basis, of the total amount of work completed. Payment requests shall also be included with the progress report and percent claimed will coincide with the Progress Report. These reports shall be E-mailed to the COE Engineering Manager as electronic Microsoft Word files, to document the status of the study and to report progress made during the reported month.

**Paragraph 2.5 - MEETINGS.** For estimating purposes, various meetings were specified in the original Statement of Work. In addition to those meetings, this contract modification adds six team meetings to be held in either Waco or Fort Worth, on approximately a bi-monthly schedule. When practical and

desirable, these meetings will take place in the afternoon following the Navy's Restoration Advisory Board (RAB) meetings for the Naval Weapons Industrial Reserve Plant
