

Lower Colorado River Basin

Purpose: A cost-shared study has identified water resource problems, needs and opportunities within the Lower Colorado River Basin. Interim feasibility studies (IFS) have been completed for Onion Creek in Austin, and the city of Wharton. Studies of the Highland Lakes, Williamson Creek, Walnut Creek and Bastrop County are underway, and a study of Hays County will be initiated in Fiscal Year 2010.

Sponsor: Lower Colorado River Authority

Congressional District: TX-10 McCaul; TX-11 Conaway; TX-14 Paul; TX-21 Smith; TX-25 Doggett; TX-31 Carter
