LOCATION AND DESCRIPTION: The project is located in Tarrant County, city of Arlington, Texas in the Upper Trinity River Basin.

PROPOSED ACTIVITIES FOR FY 2005: Continue plans and specifications, buy-outs, and the demolition of the structures acquired, continue the first ecosystem restoration construction contract, and award the second construction contract (ecosystem restoration and recreation).

APPLICATION OF THE AMOUNT THAT COULD BE USED IN FY 2006: FY 2006 funds in the amount of \$180,000 would be used to continue the second construction contract (ecosystem restoration and recreation). Additional funds would be used to continue plans and specifications, buy-outs, and the demolition or relocation of the structures acquired.

ISSUES AND OTHER INFORMATION: The project includes a buy-out of 140 structures for flood damage reduction, 155 acres of ecosystem restoration, and 2.25 miles of linear recreation features. The buy-out would prevent damages during a 25-year flood event. Section 104 credit for the sponsor was approved by the ASA (CW) in a letter signed February 1997 for advance buy-out of 64 homes for the project.

ADMINISTRATION POSITION: The Administration supports this study.

CONGRESSIONAL INTEREST: Congressman Barton, TX-6.
