

Rio Grande Basin, Texas

Purpose: Water conveyance and delivery, ecosystem degradation, and flooding are major issues in the basin. The Fort Worth District is conducting an interim feasibility study for the city of Laredo to evaluate flood risk unmanagement, ecosystem restoration, and recreation opportunities along Chacon Creek. Other anticipated interim studies will be coordinated and conducted jointly by the Fort Worth, Galveston and Albuquerque Districts.

Sponsor: City of Laredo

Congressional District: TX-15 Hinojosa; TX-16 Reyes; TX-23 Rodriguez; TX-27 Ortiz; TX-28 Cuellar
